

If you experience difficulties connecting to the remote desktop from home you can try the following:

- Go to Start>Programs>Accessories>Connections (Vista Users will not need to go to the connections folder).
- Open the Remote Desktop connection
- Type in hr-terminal.hrsfc.ac.uk and click connect.
- Type in your username
- Type in your password
- The domain should already be set to HRSFC.
- Click OK

OR

- Go to Start>Run and type mstsc and click ok
- Type in hr-terminal.hrsfc.ac.uk and click connect.
- Type in your username
- Type in your password
- The domain should already be set to HRSFC.
- Click OK
